MESSAGE

||Jai Sri Gurudev||

The human life on the earth is full of pleasures and sorrows, ups and downs, strength and weakness and health and illness like day and night these happenings are inherent in everyone's life cycle. But it is silver lining that there are noble people who work all their lives to mitigate the sufferings of the others. Among them, the profession of doctors is perhaps most respected for service to the society. Hence, 'doctor' is a person who dedicates knowledge and skills for the prevention and treatment of diseases, maintain and enhance human health.

Doctors have been given a high status in our society. The medical profession is considered to be one of the noblest professions. Doctors are considered to be next only to God. This is because they give new lives to people. They are equipped with the knowledge and tools required to diagnose and treat various medical conditions. They perform treatments with the help of other medical staff.

The reputation of a doctor is determined by professionalism, attitude towards patient, total commitment, competence, theoretical knowledge, practical skills, competency and skill. Doctors describe it as knowledge of their profession, their craft, professional wisdom, good intuition and flair.

Medical profession implies spacious mind, intellectual capacity, recognition, support of colleagues, continuous training and implementation of best practices. A distinguished doctor is described by the trust relationship with patients, psychological skills and techniques, and the presence of personal qualities like: kindness, humanity, compassion, sensitivity, patience and emotional responsiveness.

I am very happy to express that **Adichunchanagiri Institute of Medical Sciences**, BG Nagara, Mandya is bringing out "**PANORAMA** – A Compendium of Departmental Newsletters" document which comprises of all activities of Faculty and Students for the academic year 2017-18. I beseech Lord Kalabhyraveshwara Swamy and His Holiness Jagadguru Sri Sri Sri Padmabhushan Dr. Balagangadharanatha Mahaswamiji to bestow the best possible blessings upon one and all

Ever in the Service of the Lord,

(Sri Dr. Nirmalanandanatha Swamiji)

FOREWORD

Adichunchanagiri institute of medical sciences was established under the aegis's of sri sri sri Dr. Balagangadharanatha mahaswamiji with the purpose of providing proper medical care to the rural population in and around bellur.

In the past 30 years it has transformed from a rural college to a vibrant, state of the art academic and cultural hub and is now under the patronshipof Sri Sri Sri Dr. Nirmalanandanatha Mahaswamiji. All the departments of our college are actively involved in both academic and research activities. Every department has its own newsletter which is published twice a year. To summarize the achievements of the faculty and the post graduate, our college has launched “AIMS PANORAMA” 2017 (Reflection of Aims Newsletters) from the previous six years.

This magazine highlights the curricular and extracurricular activities of various departments with the growing emphasis on research in the field of medicine, It is important to be on the forefront of medical education by publishing genuine research articles and the institution is on the forefront in that direction.

I wish that all of us thrive hard to achieve excellence and reach greater heights in the years to come.

Principal

Dr.M.G.Shivaramu
